

Health Protocols

Updated August 31, 2021

The American Quarter Horse Association advises attendees to follow facility, local, state and federal mandates, along with the recommendations of the CDC and WHO regarding social distancing and public health while attending the 2021 Farnam AQHA World Championship Show; AQHA Select World Championship Show, presented by Adequan® (polysulfated glycosaminoglycan); Adequan® Level 2 Championships; and Nutrena Level 1 Championships. Attendees should review the current [CDC](#) and [WHO](#) guidelines prior to attending the event.

An inherent risk of exposure to COVID-19 exists in any setting where people are present.

If you have a professional service provider (i.e., farriers, veterinarians, etc.) attending to your horses, they are required to review and adhere to these protocols, as well.

If you test positive for COVID-19 during the Farnam AQHA World and Adequan® Select World, please contact show management immediately at worldshow@aqha.org.

AQHA will abide by [CDC recommendations](#) regarding contact tracing and quarantining due to an exposure during the show.
